CLOSE ENCOUNTERS BETWEEN DISCIPLE AND MASTER**

LESSON 24 - THE DICTIONARY - CHANGE, PRESERVE, DELETE AND INCLUDE WORDS.

"Words, as innocent and powerless as they are, in a dictionary, how powerful for good and for evil become in the mouth of someone who knows how to combine them"

Nathaniel Hawthorne

THE MASTER: ¿What are you looking for in that dictionary?

THE DISCIPLE: In relation to the previous lesson on "The Greatness of Saturn", I was shocked by the word FATAL (unfortunate).

THE MASTER: ¿How do you define it?

THE DISCIPLE: What is inevitable or determined by destiny.

THE MASTER: Exactly. EVERYTHING THAT IS DESTINED TO HAPPEN, HAS TO HAPPEN. This word has many synonyms: unhappy, fateful, unfortunate, inescapable, inevitable, dire, irrevocable, tragic, unavoidable... Extraordinary that you have opened the dictionary to consult such an important meaning.

THE DISCIPLE: According to this, we do not have free will since everything is determined.

THE MASTER: FREELY WILL is precisely defined as the attitude you assume when you react to an event, or an affair, event or circumstance that you begin to experience, how you mitigate or transcend it, since it is predetermined by karmic or astrological forces that do not you can avoid. But we already talked about this. Let me take the opportunity to tell you something: First, there are three words in that dictionary that should be replaced by others that better define what they mean. In addition, there is a word that synthesizes the origin of the ruin of Western culture. On the other hand, there are two words that have defined, define and will define human history, that is, they have created it.

THE DISCIPLE: ¿What are the words of the first part?

THE MASTER: Guilt, Evil and Death. GED.

THE DISCIPLE: I don't see why you say it, those words are clear and everyone understands what they mean. ¿What would be the equivalent words? Is there an explanation?

THE MASTER: Let's see:

1. People understand the word Guilt, as a pretext, as a justification, it is the fact that causes something. It must be changed to duty or responsibility.
2. Evil (bad), it must be changed for incomplete, or for underdeveloped, partial, defective, imperfect or ignorance.

3. Death, must be changed by transition, variation, transformation, change, rebirth or liberation.

THE DISCIPLE: ¿Can you break down and amplify their meanings?

THE MASTER: OK.

In relation to the word GUILT, it has connotations of accusation or of making another person or persons feel threatened and that they leave their comfort zone in order not to accept the discomfort or disconcert that their acceptance would cause. In relation to guilt, there is an instinctive universal tendency to seek defense mechanisms to project (throw out) people's disabilities by not recognizing that there are internal influences, not external, as the cause of the good or bad that happen to them, to you, the humans. The axiom that you must always remember is: "THE CAUSATION IS ALWAYS INTERNAL, NOT EXTERNAL." (The Kingdom of Heaven is within you)... Luke 17:21... not outside. What it is about is to go from the state of Martyr to that of Self-culpability

THE DISCIPLE: Unfortunately we always seek to excuse ourselves, and we are too clever not to recognize our responsibilities for what we have to assume because we feel fear.

THE MASTER: I love your appreciation, you are understanding it very well. The projection of guilt covers all the levels and activities in which the human being develops ... That the fault is of the government ... that the fault is of the boss... that the fault is of your wife ... that the fault is of the cow as a self-help book says... that ... those difficulties that people commonly go through, turn into traumas caused in childhood... and that if we follow them until we find their origin, everything ends in the chain breaking at the link weakest: the mother.

THE DISCIPLE: Is she then to blame for our misfortunes?

THE MASTER: The projection of guilt has reached almost unimaginable levels of development; Hence, Psychology and Sociology were born, which try to justify human errors through external effects (The Scapegoat). Fortunately, the investigations of people who have departed from the orthodox, obsolete, recalcitrant or official canons of psychoanalysis, have discovered that every human being is born with an innate predisposition for certain things to happen to them. Each person is born with a "Model of Life" that must be followed and fulfilled and that implies certain guidelines and experiences that are revalidated according to their individual growth. In other words:

“There are mechanisms at the subconscious level that the boy or the girl use, and that without knowing it, they force their parents to provide them with the experiences that they will have to live and that are in accordance with that Model or Archetype”.

That Model or Archetype is the astrological chart. So instead of blaming others for what happened to them, better blame their fates, that model, no one else ...

THE DISCIPLE: ¡Tragic and fatal!

THE FOLLOWING MATERIAL IS NOT TO BE REPRODUCED OR POSTED ON OTHER BLOGS OR WEBSITES, OR ON PDF DOCUMENTS, AS HAPPENED WITH OUR OUR ITEMS WITHOUT PRIOR AUTHORIZATION FROM PART OF THE INTERNATIONAL SCHOOL OF ASTROLOGY

THE MASTER: No, the good news is that YOU can change your destiny within the permissible limits. Here we can establish another Principle: EVERY SITUATION IS SUBJECT TO IMPROVEMENT.

In addition, that word destiny, definitely should not be changed or forgotten, doctors, psychologists and others discarded it and invented other meanings as substitutes, which are laughable... like... HEREDITARY PREDISPOSITIONS! ... or for homosexuality (what is a disease) ALTERNATIVE LIFESTYLES! ...

THE DISCIPLE: Wow... wow! And, in relation to EVIL (bad), what do you tell me?

THE MASTER: In relation to this topic, we have also talked enough already, but in a very simple way we can say that, according to Thomas Karlsson, evil exists under various categories:

1. The positive evil (bad)- The negative evil(bad)
2. Necessary evil (bad) - Unnecessary evil (bad).
3. The dualistic vision: that considers two forces separately: good and evil (bad)
4. The monistic vision: Which describes good and evil (bad) as two sides of the same coin.
5. Evil (bad) according to Socrates - According to this Greek philosopher, although people have an intrinsically good nature, all those actions that produce incorrect works are born of their ignorance and naivety. "IGNORANCE IS SO DARE THAT IT IS THE MOST PROFITABLE BUSINESS. PASSION AND VOLUPTUOSITY CLOUDS REASON". The human being sanctified ignorance and turned it into the MONEY GOD, who is the one who moves like puppeteer the strings of his puppet represented by the mass or populace, and before whom the other gods surrender.
6. Evil as Principles:
 - a. Spiritual.
 - b. Personal.
 - c. Impersonal.
7. The relative evil (bad) that is what interests us here.

In its relative form because it comes from error, from an insufficient, wrong and superficial perception that is generally associated with appearances. This is a very extensive topic to deal with in a lesson like this, we are also about time...

According to the Qabalah, the definition of evil (bad) is contemplated in a very simple appreciation or explanation: SEPARATION. According to Thomas Karlsson, author of a treatise: QABALAH, QLIPOTH, GOETIC MAGIC: The Universe is created when the destructive principle (Mars, key 16 of the Tarot, principle 5) or divider is active, this that I just mentioned may seem cruel and Paradoxical, but it is the dividing force that allows multiplicity and individual existence.

THE DISCIPLE: what you say seems very accurate. When the father's cell unites with the mother's cell at conception, that resulting cell divides into two, four, eight, a geometric progression of 2 to the N power.

THE MASTER: Right. The study of Evil (bad) has become a science: PONEROLOGY, which was discovered and implemented by Andrew M. Lobaczewski, especially his "Political Ponerology" is, A SCIENCE THAT STUDIES THE NATURE OF EVIL ADJUSTED TO POLITICAL PURPOSES. If you remember... what did we say in relation to the manifestation as a process?

THE DISCIPLE: The manifestation is an evolving process: That is, of growth and development, adaptation and adjustment, which also started from the lowest levels, and progresses slowly and progressively seeking perfection through learning and experience.

THE MASTER: Right, there is the secret of evil. Do not forget that in the same Hebrew Bible something similar is mentioned: IN THE BEGINNING EVERYTHING WAS CHAOS (Darkness, absence of light, vagueness of contour, anarchy, disorder) and that was the raw material with which God created the world. Evil is the incomplete, the underdeveloped, what has to evolve; then under this perspective the world is going as it should. Everything that you call bad is susceptible to improvement. TO YOU. It seems to them that everything that is underdeveloped and incomplete, or partial, is bad, but it is not like that. We can go over the last principle and redefine it more completely:

EVERY SITUATION OR CONDITION IS SUBJECT TO IMPROVEMENT, SO IT IS BETTER NOT TO JUDGE OR CONDEMN. BLESSING AND ACCEPTANCE HURRY IMPROVEMENT, CONDEMNATION BLOCKS IT.

A great Qabalah Master says: "The apparent presence of evil in the Universe is a necessity, because the manifestation itself must come through limitation, and limitation is the root of Pain. All miseries are rooted in ignorance, but ignorance can be cured, and this is the most efficient mechanism for you to free yourself from misery".

THE DISCIPLE: It is very clear what you are teaching me. Prisons, which are places of confinement for punishment, make things worse and unacceptable; They should be places of recovery and healing, since EVERY SITUATION IS SUBJECT TO IMPROVEMENT.

THE MASTER: What you just said is the LAW OF RESTITUTION; that is, of Reestablishment, Return, Recovery. Even more: If governments knew and applied the Restitution and Recovery law, prisons would not be places for condemnation, punishment and drug use, rather places of seclusion for recovery (behaviors) as you already mentioned, they would save money and then it would do those people good. Never forget that Ignorance is the root of suffering, and that it is so daring that it is the most profitable business, and that evil or lead can be turned into good or gold.

Always bear in mind that musk in its pure state has such a foul odor that it becomes unbearable, but... but... it is the basis for making perfumes; out of the mud

comes the lotus flower. The poison of the cobra is used to make medicines that cure hemophilia. Record this in your memory: **THE GOOD OF THE BAD IS THAT THE BAD CAN BE TRANSMUTED, THE EVIL IS TRANSITORY, THE REALITY IS PERFECTION.**

EVERYTHING IS GOOD, because it comes from a just cause that is good, GOD, and whatever GOD is, he is never wrong, but you must always be alert, do not turn this statement into a mental narcotic, and do not exonerate yourself to work to fight against disease, against misery, poverty, injustice and against the relative evil and corruption that have infected all the institutions and modus vivendi and operandi in which the human being operates. That it is not going to happen to you that by looking at the clouds, you are going to fall into the abyss as shown by Arcanum 0 of the TAROT (The Fool).

THE DISCIPLE: A good handy dictionary is the best tool to clarify the meaning of words. ¿EVERYTHING IS GOOD...?

THE MASTER: Bad, evil, they are synonymous with darkness... In the manifestation, in this one in which you are living, the light is prior to the darkness, first the darkness was created, then the light was formed. The crude or rudimentary state of matter when perceived according to appearances is what Your humans call it bad, but... but ... but that's the raw material from which good is made. Hence, ALCHEMY is the science and art of transmuting or transforming bad into good, lead into gold. Suppose you have ever gone through a very negative and painful experience, but that it forced you to change your mental attitude... Was the experience a Bad thing? NO, because otherwise you would not have corrected what you had to correct. Eliphas Levi used to say: **DEMON IS THE SAME GOD AS THE EVIL SEE HIM.**

Keep in mind what Jesus (The Supreme Alchemist) did to Peter, a person, irascible, ordinary, illiterate, hasty, who acted first and then thought, who let himself be carried away by his impulses, his instincts... For Jesus, that being was the rough stone that would have to be molded with a hammer and chisel, that's why he chose it, and look how far Pedro go...

I also tell you that you are Peter, and on this rock I will build my church; and the gates of Hades will not prevail against it.

Matthew 16:18

THE DISCIPLE: But Master, there is another type of evil that you have not mentioned.

THE MASTER: Which one?

THE DISCIPLE: Usury.

THE MASTER: Your concern is excellent, but we cannot extend the subject, it would be very extensive...

HE DISCIPLE:... Please...

MASTER. Very well. The only religion that has atheists is Mammonism.

THE DISCIPLE: You're mentioning Mammon, the Golden calf ...

THE FOLLOWING MATERIAL IS NOT TO BE REPRODUCED OR POSTED ON OTHER BLOGS OR WEBSITES, OR ON PDF DOCUMENTS, AS HAPPENED WITH OUR OUR ITEMS WITHOUT PRIOR AUTHORIZATION FROM PART OF THE INTERNATIONAL SCHOOL OF ASTROLOGY

THE MASTER:... Exactly. You already know that "I" manifest myself on the two opposite sides of the same coin (like the god Janus). On the one hand "I" handle moderation, prudence, sobriety and humility, patience, perseverance, insistence. As well as morals, discipline, obedience, principles, laws, longevity, accuracy, experience, ethics and values. On the other hand, I handle ruin, bankruptcy, abandonment, loneliness, old age, illness, rigidity, the dense, what does not want to change, that is, the status quo, selfishness, captivity: limits, obstacles, barriers, interference, darkness, iniquity, ignorance, crying, pain, suffering, poverty ... Says the book THE BOOK OF TOKENS by a great Master: "ONE AND NOT TWO IS THE BEGINNING AND THE END OF EVERYTHING, SINCE MAN IS SUBMITTED TO THE ILLUSION OF DUALITY "(good and bad)

THE DISCIPLE: In other words, MAMMONISM is the excessive greed for money, power, greed and all riches...

- 5 And the devil (Saturn) took him to a high mountain, and showed him in a moment all the kingdoms and wealth of the earth.
- 6 And the devil (Saturn) said to him: To you I will give all this power, and their glory; because it has been given to me, and to whom I want I give it.
- 7 If you, prostrate, adore me, they will all be yours ...
- 8 Jesus answering, said to him: Go away from me, Satan (Saturn), because it is written: The Lord your God you will worship, and him only you will serve.

Matthew: 4: 5-8

I almost forgot that you are the owner of unlimited greed (Neo-Liberalism). And since you are ruler of Capricorn, which is a symbol of earth and the harsh realities of life, you make people who are very sensitive to this sign, too serious, introverted, cold, distrustful, disciplined and stubborn, materialistic and ambitious; but also experienced and wise or melancholic.

THE MASTER: Yes, it is correct, in relation to the latter that you mentioned is where we can locate the evil that we had not discussed: Usury. There is precisely a document that you must read and study, very calmly... From Gottfried Feder... AGAINST USURE.

THE DISCIPLE: And what does this author say about it, ¿how does he define it?

THE MASTER: Listen:

Mammonism is the sinister and invisible empire of the great international money forces. But mammonism is also, as we have already said, a disposition of the spirit; it is the worship of these powers of money by all those who are infested with mammonistic poison.

Mammonism is the greed for money turned madness, which knows no higher goal than to pile money on money, which with unparalleled brutality tries to force all

THE FOLLOWING MATERIAL IS NOT TO BE REPRODUCED OR POSTED ON OTHER BLOGS OR WEBSITES, OR ON PDF DOCUMENTS, AS HAPPENED WITH OUR OUR ITEMS WITHOUT PRIOR AUTHORIZATION FROM PART OF THE INTERNATIONAL SCHOOL OF ASTROLOGY

the energies of the world at its service today leads to economic enslavement, to the exploitation of the productive force of all the peoples of the earth.

Mammonism is a state of mind that has led to a decline in all ethical concepts. Mammonism is considered a worldwide phenomenon, it is comparable to the brutal and inconsiderate selfishness of the individual.

Mammonism is the spirit of greed, of absolute despotism, the principle of purely Earth-oriented thinking.

THE DISCIPLE: That is, Mammonism (capitalism) is contrary to Socialism and Nationalism.

THE MASTER: Indeed, Feder continues in this regard: ***“Socialism is conceived as the highest moral idea, as the idea that the human being is not alone on earth, that every human being has duties towards the Community, and also for all Humanity, and not only that, but he is responsible for the current well-being of his family and his lineage, and he also has unavoidable ethical obligations regarding the future of his children and his people”.***

THE DISCIPLE: Usury, banks, debts, loans, financial institutions... A vicious circle...

THE MASTER: Although the subject is very extensive, Feder tells us: ***“Interest (usury), the inflow of goods without effort and without end, the possession of money without any kind of work, is what has made the big companies grow. powers of money. The lending interest is the criminal principle from which the Golden International is generated. Everywhere and everywhere the lending capital has turned on like a suction cup. With octopus tentacles, the mechanism of capitalist usury envelops and suffocates all the states and all the peoples of the world”.***

THE DISCIPLE: Here is the origin of evil (bad)... and of all evils...

THE MASTER: There is a word that is not included in the dictionaries, I propose to include it.

THE DISCIPLE: ¿Which, Masterr?

THE MASTER: Idiopid.

THE DISCIPLE: Filet Mignon with French fries? ... mmhhh, how strange ...

THE MASTER: This is not a recipe for preparing meats. It is an acronym that includes two words: Idiocy and Stupid. Notice that they are similar words. Paul Tabori author of a great Book: "HISTORY OF HUMAN STUPIDITY", comments:

"Is there anything more characteristic of our humanity than the fact that Roget's Thesaurus Dictionary devotes six columns to the synonyms, verbs, nouns and adjectives of "stupidity", while the word "reasonableness" only occupies one?"

THE FOLLOWING MATERIAL IS NOT TO BE REPRODUCED OR POSTED ON OTHER BLOGS OR WEBSITES, OR ON PDF DOCUMENTS, AS HAPPENED WITH OUR OUR ITEMS WITHOUT PRIOR AUTHORIZATION FROM PART OF THE INTERNATIONAL SCHOOL OF ASTROLOGY

This book is about “stupidity, foolishness; imbecility, incapacity, clumsiness, emptiness, narrow-mindedness, foolishness, idiocy, dementia, madness. Study the stupid, the foolish, the beings of diminished intelligence, the dim-witted, the feeble-minded, the foolish, the unwise, the superficial; the lunatics, the rookies, and the buggers; the simple, the unbalanced, the crazy, the irresponsible, the brutish”.

In it the author intends to present: "a gallery of clowns, simpletons, dums, fools, imprudents, witless, vacuous, bums, dorks, stolid, fools and madmen of yesterday and today."

THE DISCIPLE: How interesting, Master, you are referring as if it were a disease.

THE MASTER: That's right.

THE DISCIPLE: ¿And what produces it?

THE MASTER: Television and your children: iPhones, tablets, video games and nintendos, are the main cause. The author of "ON THE LORDS OF CHAOS (Arhiman and Lucifer) AND THE BLACK AWAKENING: THE PLANNED SATANIC RISING," wrote the following:

“The ultimate goal of mind control, of the cult programmers (Television and Black Magic Rituals), is not simply to divide the psyche into fragmented parts but to create a particular CULT PERSONALITY. This is a very bitter fruit of the calculated evil behind the division of the personality. The Cult personality only seeks to create a (STUPID) creature that is very superficial and needs few social skills or intellectual gifts as she is rarely required to think or make decisions. You only need basic mental functions that allow you to perform certain tasks that make you useful for the group and its goals. He is a one-dimensional person, a one-dimensional ALTER (the other self or false ego) who works according to very basic instincts implanted by programmers. It is similar to the remote-controlled bee whose only slavish and thoughtless function is to mate with the queen, thus serving the best interests of the hive. And so it is one of the very important reasons for creating multiple personalities. That the CULT PERSONALITY is so one-dimensional, so mentally and emotionally out of tune and programmed to perform very specific tasks because it could never function successfully in a larger society”.

THE DISCIPLE: What ironies of life. With Alchemy it is sought to create good sense (awaken the Consciousness), and with the media and entertainment it seeks to create stupidity (to numb consciousness). We are lost, there is nothing to do!

THE MASTER: No, they still have time to do something. Either you, humans rule themselves through self-discipline (following my teachings), or they will be ruled by the Lords of chaos (Arihman, Lucifer, Satan). This last option is not recommended. Please, ¿what was the heading of the first lesson?

THE DISCIPLE: “Life is an equation that has only one solution. Master which one?: Saturn”.

THE FOLLOWING MATERIAL IS NOT TO BE REPRODUCED OR POSTED ON OTHER BLOGS OR WEBSITES, OR ON PDF DOCUMENTS, AS HAPPENED WITH OUR OUR ITEMS WITHOUT PRIOR AUTHORIZATION FROM PART OF THE INTERNATIONAL SCHOOL OF ASTROLOGY

THE MASTER: Excellent. I repeat what you just mentioned: EITHER HANDLE SATURN (I = Discipline, Moderation, Prudence, Sobriety and Humility in everything, ethics, values, principles of civility and patriotism), OR HE WILL HANDLE YOU (Captivity, barriers, crying pain, suffering, poverty, usury, diseases and misery that come from that false free will that you assume without thinking about the consequences). Do not forget that to reach Uranus (Freedom) it is better to start with Saturn (discipline and with the wise use of the Principle of Limitation or Control). The slogan is ORDER AND FREEDOM, not as it appears on the Coat of Arms of your country: FREEDOM AND ORDER.

THE DISCIPLE: ¿Understood! Before I act, I must first submit my impulses to the light of reason... DISCRIMINATION... ¿Master and in relation to the word Death?

THE MASTER: Okay, let's go on, look in the dictionary for the definition of the word Death.

THE DISCIPLE: Ok. Here it is: "It is the End of Life or of existence, it is destruction, annihilation...".

THE MASTER: Now look in it for the meaning of the word Life:

THE DISCIPLE: Ok ... Here it is: "Animation, activity, existence ..."

THE MASTER: Death and Life are words that lend themselves to many ambiguities and confusion, and that are still poorly defined. Key 13 of the Tarot is called DEATH and corresponds to the sixth law of the intermediate Keys when arranged in a 3-row X 7-column pattern, placing Key 0 above row 4, 11, 18. The Key 11 constitutes, the pivot, the center, the axis of the entire structure since two adjacent keys, one before and one after, or two that are opposite, added in their numerical values gives a total that when divided by two becomes 11 For example $10 + 12 = 22/2 = 11$ and so on.

The law corresponding to key 13 is the "LAW OF TRANSITION": Movement and change, substitution of the old for the new, there is a universal law that applies to everything that exists: rivers flow, seas have currents and waves that are continually shaking and moving, even if we leave anything in a certain place over time it is subject to aging, corrosion, or growth will cause that thing to change. The changes are obvious on a mental, physical, intellectual and emotional level. What Yours are today is different from what they were five years ago and even more different from what they will be in the next few years.

THE DISCIPLE: According to what you just mentioned, nothing is still, everything moves, everything vibrates, ¿so does death not exist? I don't understand. They taught me at the University that the third law of thermodynamics is the Law of Entropy: Everything wears out, everything gets old, everything tends to chaos and destruction...

MASTER:... OF THE FORM BUT NOT OF THE ESSENCE, AND THAT ESSENCE IS ENERGY. This leads us to Another law: the law of the Economy or Universal Principle of Energy Conservation discovered by the French chemist Lavoisier: ENERGY IS NOT CREATED, IT IS NOT DESTROYED, IT IS ONLY

TRANSFORMED. The only difference is that science has not yet recognized that this energy is intelligent... it is consciousness, one day it will have to recognize it.

From these considerations a very simple principle can be deduced: "The only thing that does not change is that things change." To change is to alter, vary, transfer, shift, transform, modify, transmute, permute, redeem and these are typically Uranian activities (My alter ego, my other Self) and are opposite to the Saturnine tendencies of maintenance (My real self), subsistence, permanence and stability.

THE DISCIPLE: So death does not exist as one understands it...

THE MASTER: That is correct. The phenomenon of what you call DEATH, dissolves your physical bodies but can never destroy the MEMORY, something remains (THE SOUL) and that something is the accumulation of experiences that you have stored through one incarnation. God never forgets anything that happens in its manifestation and less to YOU. For this reason in the key of Tarot # 13 that has never been published for the mass, the panorama of it is not one of disaster, loss, crying, horror, suffering, fear, pain... it is rather the dawn of a new day, meaning that the end of a cycle of manifestation prepares Your, the humans, to continue with the next cycle, hence the skeleton of this painting, which carries a scythe, means that he is reaping what You sowed, their own experiences, which in turn will become the raw material or fuel necessary to continue the journey.

Finally, You do not forget that nothing in the universe is dull, blind, mechanical, inert; everything lives, everything has consciousness, everything is interconnected, nothing is isolated. There is always a concordance, a similarity, a correspondence on all planes or levels of being and Life, as the Princeton physicists say: The electron knows what it has to do...

THE DISCIPLE:... And we say, even a simple cloud knows where it comes from, where it is going and what it has to do according to a Law. And that Law is the Will of God. As it is said in Hezekiah 30:30: A tree leaf does not move without God's Will intervening.

THE MASTER: Look in Corinthians 1, 15:26 and 15:54 ...

THE DISCIPLE: Right ...

1 Corinthians 15:26:

- *The last enemy to defeat is death.*

1 Corinthians 15: 54-58 King James Version (KJV)

- *54 And when this corruptible has clothed itself with incorruption, and this mortal has clothed itself with immortality, then the word that is written will be fulfilled: death has been devoured by victory.*
- *55 ¿Where is, oh death, your sting? Where, oh grave, is your victory?*
- *56 since the sting of death is sin, and the power of sin, the law.*
- *57 More thanks be to God, who gives us the victory through our Lord Jesus Christ.*

THE FOLLOWING MATERIAL IS NOT TO BE REPRODUCED OR POSTED ON OTHER BLOGS OR WEBSITES, OR ON PDF DOCUMENTS, AS HAPPENED WITH OUR OUR ITEMS WITHOUT PRIOR AUTHORIZATION FROM PART OF THE INTERNATIONAL SCHOOL OF ASTROLOGY

- *58 So, my beloved brothers, stand firm and constant, growing in the Lord's work always, knowing that your work in the Lord is not in vain.*

THE MASTER: And well to conclude with the subject, please I want to explain something to you that we cannot underestimate. Repeat the heading of this Lesson...

THE DISCIPLE:... "Words, as innocent and powerless as they are, in a dictionary, how powerful for good and evil become in the mouth of someone who knows how to combine them". Nathaniel Hawthorne

THE MASTER: Exactly. Friedrich Nietzsche is practically the founder of Nihilism, although the Russian Ivan Turgenev and the Cynical school of Greece already spoke of the subject. The merit of Nietzsche was that he combined, structured and perfected the meanings of the term, which motivated very important persons in history.

THE DISCIPLE: ¿And what is it in Nihilism?

THE MASTER: Nihilism, is the denial of all beliefs or all moral, religious, political or social principles, which according to David Livingstone in his Book TRANSHUMANISM:

“It transcends the values of human society, so that man becomes a god who makes himself in his image, he represents the great ideal of the transhumanists. Transhumanism is a recent pseudoscientific movement that is currently gaining great popularity, which supposedly has as its initial goal to perfect the physical and psychological nature of the human being, as a final goal of achieving immortality through the fusion of man and machine. In short, transhumanism is the quest aimed at using all the advances of modern science to increase human potential, and ultimately, to achieve immortality”.

THE DISCIPLE: ¿And what you just mentioned, what does it have to do with a dictionary or with words?

THE MASTER: Very, very much. A Qabalist teacher of the last century, has written that the language (the words) is assigned to the Hebrew letter Cheth j, which corresponds in astrology to Cancer which means, security, protection, nutrition... everything related to the mother.

THE DISCIPLE: In other words, ¿what does the proper use of words establish in ourselves security?

THE MASTER: That is correct. Look at Matthew 12:37.

THE DISCIPLE: Because by your words you will be justified, and by your words you will be condemned.

THE MASTER: That's right. You humans can manipulate words, and you must be very careful with what you say. Back we had already referred to the use of the language according to the Apostle Santiago.

THE DISCIPLE: James 3:1-3 Reina-Valera 1960 (RVR1960)

Taming the Tongue

- 1 My brothers, many of you do not become teachers, knowing that we will receive greater condemnation.
- 2 Because we all offend many times. If anyone does not offend in word, this is a perfect man, capable also of restraining the whole body.
- 3 Behold, we put bridles in the horses' mouths so that they obey us, and thus we direct their whole body ...

THE MASTER: Let's continue, the misuse of language can turn into a disaster, into ruin and the curse that would "ipso facto" (in the act) lead them to slavery, or with a good use it can become a way to achieve Freedom. If you look at the key Tarot 16 (The Tower) of Rider, you will see that it is a matter of Tragedy, although the arcanum does not show a detail that is very clear in the version that has not yet been published.

THE DISCIPLE: ¿What is the detail?

THE MASTER: The tower is built consisting of 22 rows, each row is assigned a letter of the Hebrew alphabet, alluding to the language, this key is a symbol that describes what happened to the famous Tower of Babel (Confusion) according to the Bible in the Old Testament. Nietzsche was a highly intelligent and alert man with an amazing ability to use his analytical mind and inductive reasoning.

THE DISCIPLE: ¿What's wrong with a person being a rationalist?

THE MASTER: The bad thing that happened to Nietzsche was that he had a disease characterized by the famous URB syndrome.

THE DISCIPLE: URB... URB... URB, I don't see it coherent ...

THE MASTER: URB is "Underdeveloped Right Brain". In other words, he did not have a well-developed right brain integrated with the left brain, if you look at a blind person, she will develop her other senses beyond normal, such as touch and hearing to over-compensate for the absence sense of the sight or vision. In Nietzsche's case, the portion or area that his right brain should occupy was completely absorbed by his left brain. That is, he was a Giant of the Intellect, who played with language and words, which in turn allowed him to elaborate intricate concepts, to the point that he established his own way of thinking or philosophy, but at the same time he made fun of stupidity. (Ignorance, foolishness or stupidity of a person due to their expectations or religious conceptions), of those people who were not at their intellectual level... especially the Christians.

THE DISCIPLE: His right brain was not so developed as to be on equal skills with his left brain, Master, it was not his fault that he was born just as it is not his fault that he was born diabetic, he even used to complain that I was always surrounded by things (people) that had legs (feet), ears and hands... But, ¿how did you know?

THE MASTER: Please turn on the computer, go to the program to calculate cards and display this one:

Nietzsche, Friedrich Wilhelm

He was born on October 15, 1844 at 10:00 (= 10:00 am)

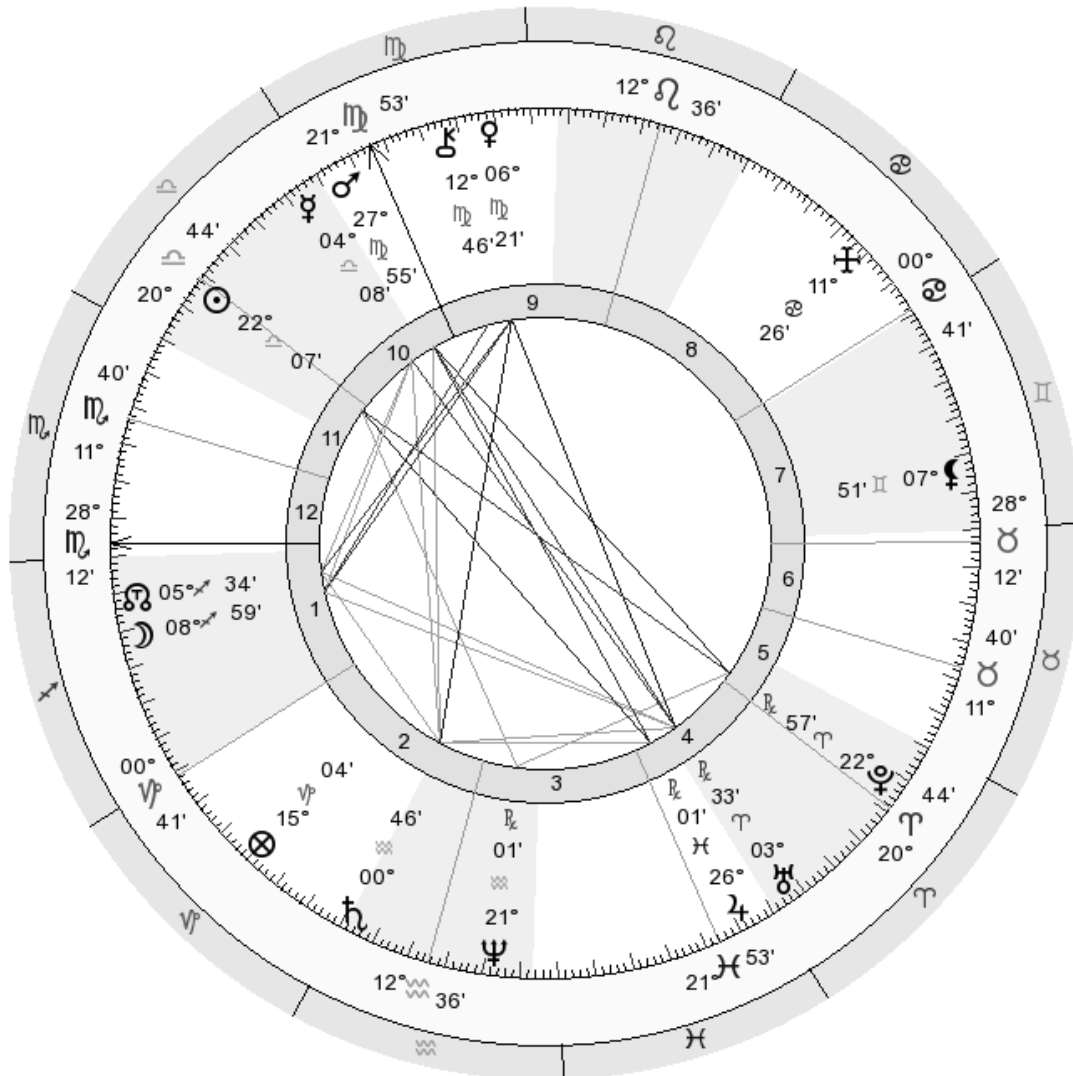

Location: Röcken, Germany.

THE DISCIPLE: Scorpio Ascendant; Sun, Mercury, Saturn, Neptune in Air signs (Rational Intelligence = Left Brain), which according to the Dr. Weiss Method = 66.66%. The Ascendant and Jupiter are in water signs (Emotional temperament = right brain = Emotional intelligence, according to the Dr. Weiss Method = 33.33%). The predominance of the left brain is seen a mile away, while the right brain passes to the unconscious, in the shade.

THE MASTER: OK. He like many others did not understand that the Hebrew Bible has 4 levels of interpretation according to the level of consciousness that each one has reached:

1. **The First level is the HISTORICAL**, that is, it refers to the literal, dogmatic, mechanical or dead letter interpretation of the most essential and recondite meanings and teachings that are part of the books that make up the Bible. This is the level used by Christianity, both Catholicism and Protestantism. It was at this level that Nietzsche was referring; "Religion, as Marx said: it is the opium of the People," only serves to numb and brutalize, that is, to create brainless and stupid people.

According to Christopher Bjerkes (The Manufacture and Sale of Saint Einstein):

THE FALL OF ROME COINCIDED WITH THE RISE OF CHRISTIANITY.
DOGMATIC JUDAISM IN THE FORM OF DOGMATIC CHRISTIANITY

PROVED FATAL FOR EUROPEAN PROGRESS AND PLUNGED EUROPE INTO THE DARK AGES.

Furthermore, as if that weren't enough, TOLERANCE (patience, indulgence, permissiveness, endurance, condescension, acceptance) was a deadly tool of attack and destruction, which gave the enemy immunity and facilitated their meddling and the degeneration of civilization. Western, as it exists now. This is the fourth very important word in the dictionary.

Too bad that Nietzsche and Marx did not dare to approach the matter from this perspective. For them it is good to remind you of the following principle:

YOU cannot talk about what they do not know, what they do not know, what they do not understand, what they have not lived and what they have not experienced...

2. **The second level is the MYTHOLOGICAL.** A myth is the extraordinary and fanciful narration of events, incidents or occurrences that never existed, but that YOUR daily experience them in their psyches. This level brings teachings of a psychological type, just like the Greco-Roman myths. Keep in mind that myths like fables bring a moral at the end. In other words, they are allegories.
3. **The Third Level is the QABALISTIC.** Unless you do not know the basics of the Qabalah, you will never be able to address the darkest and most intricate themes and issues that have been hidden from those who do not have the keys of interpretation (Gematria, Temurah, Notariqon). There are only 4 languages that have the connotation of sacred: Sanskrit for Orientals, Hebrew, Greek and Latin (Latin Qábalah simplex) for Westerners, but lately it has to be added to the English language with its lexigrammatic Qabalah. Even only the English language lends itself to implementing Boolean algebra which is the basis or foundation of computer programming or software).

From this perspective the Bible is a spiritual training manual, whose teachings are directed towards the heart, but not the intellect. Just as the lungs are not trained to breathe underwater, in the same way, the human intellect is not designed to penetrate the mysteries and secrets cleverly hidden by wise men on the matter, and who seek to preserve them to avoid distortions and misuses of their messages, and which constitute the essence of teachings not given to the mass. In the same way, just as Your humans use devices to face and solve apparently difficult situations to face, they use diving equipment to submerge under the sea, they can take photos, film, record and bring evidence to the surface, likewise the same method can be implemented with the intellect. It is through the MAGIC LANGUAGE (the Qabalah = Reception) that they will be

able to navigate under the deep waters of the Bible, to decrypt and translate into common language, the messages and teachings that otherwise, it would be impossible to approach such a monumental task from the perspective of a rationalist.

4. **The Fourth Level is the ECONOMIC, POLITICAL, MILITARY**, since it refers to a more subtle, imperceptible and difficult to recognize teaching for the common people, especially for all the practicing people of Christianity. William Guy Care wrote a Book: "SATAN THE PRINCE OF THIS WORLD", and summarized it to the following: THE SATANISM IS THE MANUAL OF ACTION THAT PUTS THE LUCIFERINE CONSPIRACY INTO EFFECT ON THIS EARTH, THE OLD TESTAMENT REDUCED TO ITS GREATEST SIMPLICITY, IT IS NOTHING MORE OR LESS THAN THE "STORY OF SATANISM OR LUCIFERISM"

More specifically: According to Guy Care, The Old Testament is a treaty or compendium of instructions aimed at the dispossession, destruction, looting of Gentile wealth and the distortion or suppression of everything that implies values, ethics, principles, culture and religions, civility, in favor of a minority, in order to repair the World after the catastrophe that is announced to establish a "new world order", under a single direction, a single language, a single thought, a single economic system.

In other words, The Old Testament is a POLITICAL IDEOLOGY WITH RELIGIOUS COSTUME, it is the famous TIKÚN OLAHM and that according to Thomas Karlsson agrees with the Qabalistic philosophy of Isaac Luria, it follows the left path of the Qabalah, which satisfies and deepens, the fall or separation of the human from God in order to achieve individual divinity through a very strict or draconian discipline.

THE DISCIPLE: Master, ¿is it possible that by means of some example you clarify for me about the second level of interpretation of the Bible?

THE MASTER: We are going to take four examples that will help you apply them in your daily life:

We will take as a reference the case of Moses and the liberation of his people who lived in captivity for 400 years, according to the account of Exodus 14 Reina-Valera 1960 (RVR1960), The Israelites cross the Red Sea. (*I warn you that this example is taken from a psychological connotation, since from the political point of view there is another meaning that we will not address*).

Of course this did not happen in real life, it is not enough to repeat it, it is a myth, but it contains a valuable lesson. In each of YOUR, there is a Pharaoh (the lower ego that enslaves them and binds them to the world of the senses, will do everything possible to prevent them from waking up and realizing that there is another reality). In

THE FOLLOWING MATERIAL IS NOT TO BE REPRODUCED OR POSTED ON OTHER BLOGS OR WEBSITES, OR ON PDF DOCUMENTS, AS HAPPENED WITH OUR OUR ITEMS WITHOUT PRIOR AUTHORIZATION FROM PART OF THE INTERNATIONAL SCHOOL OF ASTROLOGY

each of YOUR there is a Moses (The Higher Ego) who will encourage and guide them so that they can cross that red sea (the great obstacles and barriers that life presents as tests daily). In each of YOUR there is an Egypt (Darkness, obscurity, ignorance) which they must abandon to reach the promised land (which flows with milk and honey), that is, it refers to the state of consciousness and realization that is achieved when you reach the Great Work according to Alchemy, salvation according to Christianity, Paradise as the Muslims say, or the Nirvana of the Hindus.

THE DISCIPLE: ¿And what is the teaching?

THE MASTER: Imagine what the Israelite people were experiencing after so many years of suffering, and precisely now that they are enjoying freedom, joy, happiness; They are walking, singing and sharing while someone shouts from afar: Run away, run! Pharaoh's army is coming to recapture us.... ¿What to do? Another 400 years of slavery? Never... you have to run away...

THE DISCIPLE: ¿Where to? ...

THE MASTER: To the sea... it is better to die drowning than to experience the same thing again... But, Moses, confused in his despair and not knowing what to do, because it is now or never, leads them to the sea... he begins to cross it and think... ¿How can it be possible that a God who guided us and freed us allows Pharaoh to run us over again to imprison us again... or for the sea to devour us?... It really is a very complicated situation... but what was not expected happens, With his rod he separates the sea, they can cross it and once they are safe on the other shore, he returns with his rod to join it so that those who are chasing die by drowning.

THE DISCIPLE: I still don't see the teaching!

THE MASTER: Because you haven't let me continue. In relation to the myth, a Law or Principle emerges: "THE ABILITY TO JUMP OF A HUMAN BEING DEPENDS ON WHO MAKES IT RUN".

- **Our first example: The Lion and the Fleeing Man.**

A man comes running, a hungry lion chases him, in his anguished race he meets a wall that is 2 meters high, when he sees him he jumps it, once on the other side the nightmare ends.

THE DISCIPLE: ¿How did you manage to jump that wall?

THE MASTER: He did not do it, someone inside him was the one who did it, it was his higher Ego (The I AM) that is represented in the tarot by the Fool (Key 0).

THE DISCIPLE: Now I see it clearly, it was what happened to Moses with his people: "THE CAPACITY OF A HUMAN BEING TO JUMP DEPENDS ON WHO MAKES IT RUN". This became very interesting. Under normal conditions such a man would never have been able to jump the wall, unless he had prior training. ¿And the second example?

MASTER:

- **Our second example: The woman, the car and her son.**

This case is real and it happened. A woman is cleaning her car, suddenly she hears the cries of her young son who is trapped under the car, she immediately moved by anguish, terror and her son's survival instinct, raises the bumper that it is the back of his car and with his feet he takes out his son and saves him.

THE DISCIPLE: ¡Extraordinary, Incredible! True, each one of us human beings is under the loving guidance of a being who knows more and is far superior to our minds and forces, although it hurts to accept it, it is a strong demolition against our intellectual pride, which science boasts, and ourselves.

MASTER:

- **Our third example: Juan Esteban.**

John Steven, is an employee linked to an important company dedicated to sales. One afternoon his Supervisor summoned him to his office and told him: "John we are very concerned because your performance as a seller has dropped considerably, you know that for us sales are like water for fish, in any case we are going to give you a single opportunity: for the following month we are going to assign to you a score for sales of 20, if he does not succeed, we have to do without his services, we need someone to fill that vacancy to do it the way we want.

After the end of the following month, again Juan Esteban was summoned to his supervisor's office: Hi Juan! "I congratulate you, you have achieved it! Out of 20 points that we demand, you were able to go further and reached 25. Thank you very much."

THE DISCIPLE: Logical! Juan Esteban had an obligation to his wife and children, plus other commitments, finding another job was not easy. He woke up and understood that "THE ABILITY TO JUMP OF A HUMAN BEING DEPENDS ON WHO MAKES IT RUN".

MASTER:

- **Our fourth example: Jesus and Peter.**

Well, the next example refers to the New Testament. Please read (Matthew 17: 24-27)

THE DISCIPLE:

The temple tax

THE FOLLOWING MATERIAL IS NOT TO BE REPRODUCED OR POSTED ON OTHER BLOGS OR WEBSITES, OR ON PDF DOCUMENTS, AS HAPPENED WITH OUR OUR ITEMS WITHOUT PRIOR AUTHORIZATION FROM PART OF THE INTERNATIONAL SCHOOL OF ASTROLOGY

- 24 *When Jesus and his disciples arrived in Capernaum, those who collected the temple tax approached Peter and asked him: ¿Does your teacher not pay the temple tax?*
- 25 *"Yes, he pays for it", replied Peter. When Peter entered the house, Jesus came forward to ask him: "¿What do you think, Simon?" The kings of the earth, to whom do they collect tribute or taxes: their children or others?*
- 26 *"To the others," replied Peter. "Then your children are exempt," Jesus told him.*
- 27 *But, so as not to scandalize these people, go to the lake and cast the hook. Take out the first fish that bites; open its mouth and you will find a coin. Take it and give it to them for my tax and yours.*

MASTER:

You see that Jesus being the son of God, under his royal status he did not have to pay taxes. Also, look at the speed of Peter (25), without asking his Master's consent, he responded. As smart and awake as Jesus was, he immediately grasped the situation and then gave him a great teaching. (27). Jesus told Peter:

"But, to avoid shocking these people, go to the lake and cast the hook. Take out the first fish that bites; open its mouth and you will find a coin. Take it and give it to them for my tax and yours".

Peter was a sea fisherman, with a cast net or net, a job that required staying out to sea until late at night, sometimes very good fishing, sometimes bad, sometimes regular. For Pedro, it was his job, that was what he lived on, and that was his world, his culture and his identity, nothing more. But fishing with a hook was not part of his trade, fishing with a rod requires: concentration, patience, perseverance, being very careful. The bait that carries the rod at its end cannot move, whoever holds it must be almost immobile, these fish are hypersensitive to any movement of the bait on the rod... Of Course, Peter did not have the skills to undertake such a task due to because he was a very impetuous, impulsive, anxious and instinctive being.

So, ¿what does it mean to take a coin out of a Fish's mouth? ¿What the hell is that coin doing in his mouth? ¿What is Jesus up to? Coin is a symbol of value, of acquisition, of exchange of goods. Jesus wanted to teach Peter the following:

Peter... "One must first think before speaking, just as each person has 2 ears and one mouth, that means that you must listen twice as much as you speak. Words are gold in dust, misused they can lead to indiscretion, gossip, or backbiting".

THE DISCIPLE: The saying "*THE FISH DIES BY THE MOUTH*" is used to warn us that if we speak without first thinking about it, we can make mistakes which in turn will lead us to get into serious trouble.

THE MASTER: Now, in relation to people who have a highly developed left brain, which is related to what we have said about Nietzsche...

THE DISCIPLE: SDBS... SDBS ... SDBS, now I see it coherent... Super Developed Left Brain Syndrome

THE MASTER: I see that you are becoming a Nihilist.

THE DISCIPLE: Intelligent with the Left brain or Rationalist.

THE MASTER: ¡Good! Let's continue ... people who suffer from URB is “Underdeveloped Right Brain”., are the most prone to fanaticism because they lack reason, that is, they do not think and believe everything by blind faith, they are manipulable, this was what Nietzsche attacked from where he deduced that GOD IS DEAD, because according to him, especially Christianity, led people to the state of sheep, submission, TOLERANCE, naivety, innocence, one more of the herd; since they did not understand, they were ignorant of the advances of rationalism with the best exponents of their time, that is, God was no longer needed, science solves everything ... the famous secularism (an underhanded version of another religion ... science) .

Even more, in this regard, we must mention THE FAMOUS LAW OF IRON.

THE DISCIPLE: HOW INTERESTING!, WHAT DOES THE LAW SAY?

THE MASTER: Penetrating a little on the subject, someone said:

In view of the fact that pseudoscientists and pseudo-medicines have their Dr. Ryke Geerd Hamer and his acclaimed "LAW OF IRON CANCER", our collaborator Juan G. Dalhman has decided not to be left behind, and thus, has discovered the "LAW OF IRON OF PSEUDOSCIENCES AND RELIGIONS", as we proclaim today “urbi et orbi” (to the whole world). Dalhman has not been daunted before by the threats of jail, nor by the demands of the pseudoscientific "establishment" to abjure his Law. The mechanisms of that modern Inquisition have already been put in place to silence the truth again (incidentally, is outside), but Dalhman, like a MODERN GALILEO, has continued to shout EPPUR SI MOVE! (BUT IT MOVES). In October 1995 Dalhman presented the thesis on his discovery at the German faculty in Tübingen, and the medical court placed him before the alternative of abjuring his thesis or immediately abandoning his clinical work at the faculty.

THE IRON LAW OF PSEUDOSCIENCES AND RELIGIONS *discovered by Dr. Juan G. DALHMAN confirmed on December 9, 1998, at the University of Vienna:*

"THERE IS NO STUPID IDEA, NO LONGER ABSURD OR UNEMPLOYABLE AS IT APPEARS, WHICH DOES NOT FIND BELIEVERS, FOLLOWERS AND DEFENDERS".

But let's continue... As he lacked a developed right brain (Nietzsche), it was very difficult for him to understand that religion is an instinct that all human beings carry with themselves, some more, others less. At the time he lived the contributions and discoveries of a Carl, Jung, an Abraham Maslow, a Roberto Assagioli, a Ken Wilber, a Fritjof Capra, a Stalinsnav Grof, who studied with great interest on the SEARCH OF THE SUBLIME, or LOFTY (religious) and its Pathology. They were the first to

explore the Transpersonal Dimensions of the Psyche. Nietzsche never knew who the philosophers of Fire were (the alchemists, and that unfortunately, he could not have studied Henry Cornelius Agrippa of Nettesheim, Karl von Eckartshausen, Johann Rudolph Glauber, Heinrich Khunrath, Michael Maier, Berthold Schwarz, Basilius Valentinus, or the mysterious character father and founder of the true and invisible Rosicrucian Order, your dear brother, CR, all Germans) and in his time nothing was known about the Perennial philosophy, but he could vaguely perceive it when he spoke of the Super Man (Jupiter in Pisces and Saturn in Aquarius in your natal chart). Here a dilemma or split is established between Saturn (rationalism, pragmatism, materialism) and Jupiter (the search for meaning, the subtle, spiritual, ethereal, imperceptible), which he could not reconcile and led him to madness. These two principles were not related to each other by astrological aspect, each one acted independently, ignoring each other. If he had understood what comes next...:

“¿What is hard work (Saturn) without opportunity (Jupiter) and what is opportunity (Jupiter) without hard work (Saturn)? When you know when to venture (Jupiter) and when to limit yourself (Saturn), when to believe (Jupiter) and when to doubt (Saturn), and when to keep trying (Saturn) and when to keep going (Jupiter), you have discovered the secret of success”.

... He would have become a true SUPER-MAN.

Note that in Key 16 of the Tarot (The Tower) there is a Crown that is knocked down by the effect of a ray that, although the Key does not show it, comes from a Solar Disc. It means that using the words of common language to describe higher states of Consciousness is a misuse of it that leads to collapse (confusion). The Intellect (the mind) can never discover or describe with words the ABSOLUTE, because by nature it is unknowable and unfathomable. We can only address its manifestation insofar as the human mind is capable of assimilating within its limited capacities of thought, and it must be taken into account that it is almost impossible for YOUR, human beings not to clothe at all with anthropomorphic ideas (as if God had human characteristics and behaviors). But although YOUR. They cannot define it (words and language are to define) if they can FEEL the presence of that BEING in their hearts and for that the right brain is needed, which is the one who fixes that conviction, and that is achieved through a process... You must review what we already saw in the first lesson.

THE DISCIPLE: The human brain is divided into two hemispheres: Left (Saturn) and Right (Jupiter) ...

THE MASTER: That is correct. Note that in Key 0 of the Tarot (The Fool) there is a dog that will accompany the character on his next adventure, the character is about to fall into the abyss, that dog represents the intellect and has a master called SUPERCONSCIOUSNESS (The Fool), that is, it is a Level of Consciousness that is far above the ordinary mind and that is not perceived until you have worked it with your

right brain; this level is the door to the 4th dimension, which is the one experienced by people who use drugs such as mescaline, ayahuasca, peyote, marijuana, cocaine, mushrooms and many others. I do not advise you to do what these people do... it is very dangerous and you run the risk of being trapped in the world of drug addicts.

THE DISCIPLE: Excuse me but I am still not satisfied with the language with Arcanum 16 of the tarot.

THE MASTER: Let's see, the Qabalists assign to the key 16 of the Tarot the Hebrew letter Peh (p), which means the Mouth as an organ of language, even adding the numbers of the key 16: $1 + 6 = 7$, (by theosophical reduction) the number 7 is the Chariot in the Tarot, of which we have already mentioned. Before you go to prepare for the final examination, complement these studies with the following Books: The Antichrist, Thus Spoke Zarathustra ... by Nietzsche, you will find that the latter is aimed at the creation of the Super Man (Superconsciousness)... (The madman of the key 0 of the Tarot) according to Nietzsche, the superman is the person who is capable of generating his own value system, identifying as good everything that comes from his GENUINE WILL TO POWER ... But he was wrong because there is no genuine Will to Power when YOU, assume that such will originates from you. (The dog of the key 0 of the Tarot, has a Master).

I DO NOTHING ABOUT ME, THE FATHER WHO DWELLS IN ME IS THE ONE WHO DOES THE WORKS. John 14:11... the current that passes through the filament of a light bulb and that allows there to be illumination, does not originate from the light bulb itself.

THE DISCIPLE: Let's see if I understood the message of key 16 of the Tarot: YOU ALWAYS DOES WHAT YOU WANT TO DO WITHOUT THINKING THAT WHAT YOU ARE DOING IS WHAT GOD WANTS YOU TO DO.

THE MASTER: You got it. And that's where the debacle begins, the collapse, the destruction. That falling Crown (key 16) is a symbol of personal will, the role of the will is to direct thought, and thought is expressed through words... "As above is below", as inside is outside. It is the Principle of Correspondence... And if you are going to ask me, How do I know that I do the will of the Heavenly Father? From now on the Answer: IF EVERYTHING YOU WANT TO ACHIEVE IS IN ACCORDANCE WITH THE LAWS OF LIFE, JUSTICE AND THE TRUTH, GO ON, THAT'S WHAT GOD WANTS YOU TO DO, THAT'S HIS WILL. And full stop. To a Good Understanding...

THE DISCIPLE: Few words...

Thank you very much for your brilliant presentation. It reminds me of what I learned a long time ago from Howard Sasportas, a brilliant Psychologist who along with Liz Greene, a Psychologist, took key concepts from astrology to the field of psychology, and achieved a fusion called Psycho-Astrology, great and wonderful. What happened to Nietzsche, Sasportas explains in the light of a Seminar on Personalities, Sub-personalities and Psychological Conflicts. Nietzsche's Saturn (Aquarius) is associated with a Sub-personality centered on the PRAGMATIC, that is, capable of

establishing limits, distinctions, creator of form, with the ability to specify and bring to manifestation through thought and planning.

Able to establish contact with the environment in an efficient, practical way, but there is rigidity and materialism. Saturn stands out for its ability to be a good administrator, researcher, public official or private company. It will always be oriented so that their efforts are rewarded in concrete, tangible results, in accumulating achievements. But it is vulnerable with a tendency to suffer what is called "CRISIS OF EXISTENTIAL ANGUISH!", Because it does not find a convincing answer to understand what it is useful for what it has accumulated and why it is in the world.

Nietzsche's Jupiter (Pisces) is associated with a Sub-personality centered on the MYSTIC, that is, there is a tendency to transcend the concrete, solid, tangible, mundane. He wants to establish his "Modus Vivendi or Operandi" in something more subtle, refined, ethereal, imperceptible. This sub-personality makes people dream of fantasies of glory, heroism, they go in search of the ineffable, of the peak experiences to take them away from this stinking world. They yearn to reach fascination and ultra-terrain. They seek to escape from the realities, from the duties and obligations that everyday life implies and demands. The mystic believes that to lead a life of service and spirituality, one has to leave the world.

The Mystic is prone to suffer what is called "DUALITY CRISIS" because he feels that there is a gulf between his ideals and what he feels within himself. He feels fear and terror that material concerns will catch him and bind him.

According to the "Anonymous Writer" in his Famous "Meditations on the Tarot" addressed to the "Unknown Friend" this is what he wrote:

.... AS FOR THE ANTICHRIST, THIS IS THE GHOST OF ALL HUMANITY, THE BEING BEED THROUGHOUT THE HISTORICAL EVOLUTION OF HUMANITY. HE IS THE SUPERMAN WHO STORMS THE CONSCIENCE OF ALL THOSE WHO SEEK TO RISE THROUGH THEIR OWN EFFORT, WITHOUT GRACE (THE DIVINE LAW). He appeared to Friedrich Nietzsche and showed him in an instant all the kingdoms of the world that have existed, exist and will exist, in the circle of eternal return (die ewige Wiederkehr). He invited him to throw himself into the realm that is beyond good and evil (Jenseits von Gut und Bose), and to embrace and proclaim the gospel of evolution, the gospel of "will-to-power" (Wille zur Macht, will to power) - this, and only this (Gott ist tot ... that is, God is dead), transforms stone (inorganic matter) into bread (organic matter), organic matter into animal, and animal into man, and man into superman (Uebermensch), who is beyond good and evil AND WHO OBEYS ONLY HIS OWN WILL (O mein Wille, meine Notwendigkeit. du bist mein Gesetz ...).

He appeared to Karl Marx and showed him (the devil in the temptations of Jesus in the desert) in an instant all the kingdoms of the world where all the slaves of the past become sovereign masters who no longer obey God, having dethroned him, nor to Nature, having subjugated her, and who eat her bread that they owe solely to their own knowledge and effort in transforming stone into bread.

THE FOLLOWING MATERIAL IS NOT TO BE REPRODUCED OR POSTED ON OTHER BLOGS OR WEBSITES, OR ON PDF DOCUMENTS, AS HAPPENED WITH OUR OUR ITEMS WITHOUT PRIOR AUTHORIZATION FROM PART OF THE INTERNATIONAL SCHOOL OF ASTROLOGY

And the ghost of humanity has appeared to many others. He also appeared to the Son of Man in the desert. This was THE ENCOUNTER OF THE DIVINE LAW MADE FLESH AND THE LAW OF THE SERPENT - biological and historical evolution - made a soul

THE DIVINE LAW IS GRACE; It is the activity that descends from the Holy Trinity that was revealed forty days before the temptation of Jesus in the desert, when John the Baptist performed the baptism of Jesus in the Jordan.

THE LAW OF THE SERPENT:

IT IS THE ACTION OF THE WILL MOVING GROWING FORWARD, IN WAVY FORMS THROUGH TIMES AND LAYERS OF BIOLOGICAL EVOLUTION, PASSING FROM SHAPE TO SHAPE; (1) IT IS THE TRIAD OF THE WILL TO POWER, (2) THE BUDDY TEST AND (3) THE TRANSFORMATION OF THE DENSE INTO THE SUBTLE (turning stone into bread).

Vertical Trinitarian grace and the triadic spirit of horizontal evolution were therefore found in the consciousness of the Son of Man forty days after the baptism in the Jordan. Then the three temptations of the Son of Man happened. And just as the baptism in the Jordan is the prototype of the Holy Sacrament of Baptism, so is the encounter of grace (received at the baptism in the Jordan) with the quintessential evolutionary impulse since the Fall the prototype of the Saint. Sacrament of Confirmation. For that is when grace from above is firmly established against law below. This is when evolution gives way to grace.

The three temptations of the Son of Man in the wilderness were his experience of the guiding impulses of evolution, namely (1) the will to power, (2) the groping test, and (3) the transformation of gross into subtle. . They signify at the same time the test of the three vows: THE VOWS OF OBEDIENCE, CHASTITY AND POVERTY.

It is with the last proof that Matthew (ch. IV) begins his account of the temptation of Jesus Christ. Because the heavenly fullness (pleroma) that descended at the time of the baptism in the Jordan brought with it the corresponding emptiness (kenoma), which is expressed in the Gospel account by loneliness, desert and fasting.

Then Jesus was led by the Spirit into the desert to be tempted by the devil. And he fasted forty days and forty nights, and then he was hungry.

(Matthew IV, 1-2)

The hunger of the spirit, the soul and the body is the experience of emptiness or poverty. Therefore, it is the vow of poverty that is put to the test when the tempter approaches and says:

IF YOU ARE A SON OF GOD, ORDER THESE STONES TO BECOME BREADS

THE FOLLOWING MATERIAL IS NOT TO BE REPRODUCED OR POSTED ON OTHER BLOGS OR WEBSITES, OR ON PDF DOCUMENTS, AS HAPPENED WITH OUR OUR ITEMS WITHOUT PRIOR AUTHORIZATION FROM PART OF THE INTERNATIONAL SCHOOL OF ASTROLOGY

(Matthew 4, 3).

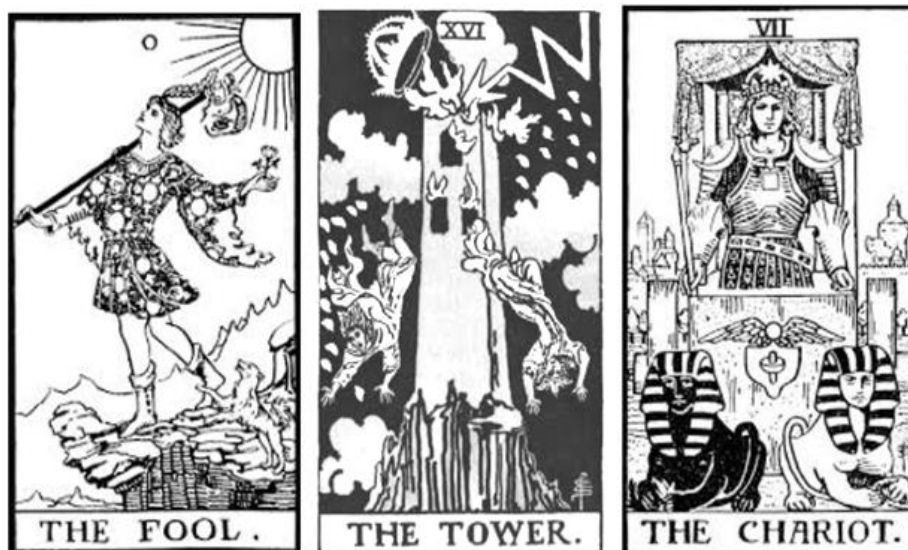

ORDER THESE STONES TO BECOME BREADS: This is the very essence of humanity's aspiration in the scientific age, namely, victory over poverty. Synthetic resins, synthetic rubber, synthetic fiber, synthetic vitamins, synthetic proteins and... eventually synthetic bread! - ¿When? Soon, maybe. ¿Who knows?

ORDER THESE STONES TO BECOME BREAD: This is the formula of evolution in the sense of transformism that belongs to the mentality of some scholars, who teach that the vegetable kingdom (that is, bread) is only a transformation of the kingdom mineral (that is, these stones), and that consequently organic matter (bread) is only the result of the physical and chemical regrouping of small molecules into giant molecules (macromolecules) in the polymerization process. Therefore, polymerization is considered today by several scientists as the possible, even probable, equivalent of the operation proposed by the tempter in the desert, namely, the transformation of stones into bread....

THE MASTER: It is very clear what you have just exposed, I would add that the **MYSTICAL** (Jupiter) has a broader vision (The person who looks from the top of a mountain), while the **PRAGMATIC** (Saturn) who looks in the forest he is capable of bringing down those visions and making them concrete. The **MYSTICAL** (Jupiter) has healing powers, but the **PRAGMATIC** (Saturn) has the ability to bring that vision down to earth to give it a practical sense because it has the techniques to achieve it. The problem... my dear Disciple was that Nietzsche could not integrate these two planets or psychic energies and hence the hecatomb, the tragedy. His right brain was almost useless because it was not integrated with his left and it weighed more, doubted when it shouldn't, even though he was not wrong in his appraisals.

THE DISCIPLE: But... ¿he was a Genius anyway!

THE MASTER: Without a doubt.

THE DISCIPLE: Very well, before I go to rest due to the demand for concentration that this extensive, instructive, pedagogical and important lesson has implied as clarification, ¿what do you tell me in relation to the third part regarding the words that defined and created the story? ¿What are they?

THE MASTER: CONTROL AND CERTAINTY are those two words that you cannot ignore.

THE DISCIPLE: ¿What do they mean?

THE MASTER: CONTROL is, domain, power, authority, command, government, direction, intervention, submit, determine. In other words: It can also refer to the command, or the regulation on a system, an issue or an event. CERTAINTY is, conviction, evidence, truth, security, persuasion, and faith. In other words: it is the safe and clear knowledge that one has of something and that leaves no room for doubts or ambiguities.

THE DISCIPLE: Understood, but I can't understand how they relate to each other and where you want to lead me...

THE MASTER: These two words (CONTROL / CERTAINTY) are the most important in the dictionary.

THE DISCIPLE: Why?

THE MASTER: The need to exercise CONTROL is based on the need to establish Certainty, or the need to establish CERTAINTY, is based on the need to exercise control. As you will see, these two words are mutually inclusive and totally interdependent. Both establish the foundation, the base, the support, the platform or the framework with which a goal or a desire can be achieved. They are like the obverse and reverse of a coin.

THE DISCIPLE: ¿Which was the first?

THE MASTER: Very similar to the famous dilemma: ¿Who came first, the chicken or the egg? They are the essence, seasoning and origin of all objectives and needs, they are like vital and essential elements, psychologically structured that cover an almost infinite range of meanings within the spectrum of their possibilities, that is, they are ARCHETYPES, prototypes, models, paradigms, exemplars, ideals, mirror, mold, matrix, type, which can be used to represent anything or situation in everyday life.

THE DISCIPLE: You mean, ¿that all our internal emotional needs, even our external material desires are supported or rest on these two psychic forces that stand out for being forceful or precise?

THE MASTER: ¡That is correct!. Now, to achieve a better understanding and to know how they affect not only human behaviors, but also human events, we are going to use the method of Anthropomorphism to assign to these two forces or principles, typically human qualities and characteristics, for a better understanding of the scope and uses of these forces. This was understood by the ancient Chaldean sages, to such an extent that they elevated them to the category of Gods, worshiped them, built temples where sacrifices, rituals and flower offerings were made.

THE DISCIPLE: ¡Good!, Now I understand where you want to lead me. In addition, it is true that we human beings HAVE to worship these forces, whether we like them or not, good or bad, regardless of race, creeds, gender, age and period.

THE MASTER: In Greco-Roman mythology, they correspond to CHRONOS and Zeus

Cronos is CONTROL, manipulation, limiting, directing, driving.

Zeus is CERTAINTY, Faith, security, persuasion.

THE DISCIPLE: Excellent. Based on what you taught me at the beginning of these lessons, there are two principles:

- a) Expansion, ease (Certainty) Sixth Principle.
- b) Resistance, discipline, limitation, order (Control) Seventh Principle.

THE MASTER: Agreed. However, for more practical uses, for ease and convenience, out of respect for a tradition, we will continue to call CONTROL SATURN and CERTAINTY, we will continue to call JUPITER. So keep in mind that JUPITER sets the Laws and SATURNO enforces them.

THE DISCIPLE: In practice, how can we achieve “Efficient” CONTROL over our own lives so that we can be CERTAIN that we are doing well?

THE MASTER: Joseph C. Lisiewski, (Ph.D Pure Physicist) author of an excellent book on the topic “KABALISTIC CYCLES OF THE PLANETARY HOURS AND THE DOMAIN OF LIFE, gives us the answer”:

BY LEARNING AND DIRECTING THE NATURAL LAWS THAT GOVERN THE CYCLES OF THE UNIVERSE (which are based on the 10 basic principles of the Universe :)

1. Individuality, self-awareness, the will to live (Sun)
2. Emotional responses, feelings (Moon)
3. Intellect, learning (Mercury)
4. Attraction, love, affection (Venus)
5. Action, energy, momentum (Mars)
6. Expansion, ease, CERTAINTY. (Jupiter)
7. Resistance, discipline, limitation, difficulty, CONTROL. (Saturn)
8. Changes, uncertainty, the UNFORCEPTABLE or ALEAORITY (Uranus)
9. Redemption, sacrifices, transcendence, ecstasy, revelation (Neptune)
10. Transformation, death, rebirth, regeneration. (Pluto)

Dr. Joseph C. Lisiewski continues:

BY LEARNING, *the natural laws governing the cycles of the universe. And don't be swayed by the dialectical materialist who wears the familiar, friendly face of your president, boss, husband or wife, or postman. YOU are affected by those same*

cyclic laws of Creation, as are the smallest forms of animate and inanimate matter. These occult laws governing the cycles of the universe of which I speak, are as ordered and regular as your heartbeat. They are extensions if you will, of the physical laws that we physicists so love to tout and lay claim to understand so very well. But since they do not readily lend themselves to laboratory measurement and the scientific method of analysis—although in fact, a surprising number of them do —artificial lines of demarcation were drawn between the apparent physical laws we manipulate through our understanding of them, and these more ethereal, quasilaws that influence and effect both the inanimate and animate, just as much as the physical laws do.

THE DISCIPLE: But why do we need to place so much emphasis on the need to exercise CONTROL and CERTAINTY in our daily affairs, ¿since this need is evident and imperious?

THE MASTER: Because this need may not be as obvious as you would like it to be. It is for another reason, it is to combat or minimize as far as possible the RANDOM FACTOR. That is, what happens without prior notice, what happens randomly, what happens without being planned, what comes as a surprise, which among other things, can be very unpleasant, in other words, the casual, fortuitous, uncertain, hazardous, risky, tricky, or exposed without foreseeing the dangers. We had already considered that Jupiter establishes the Laws, and Saturn enforces them.

THE DICIPLE: ¿What happens when someone does not take orders from Saturn?

THE MASTER: ¡Very good question!. If someone happens to overlook commitments to Saturn, it is the same as would happen when you. You don't pay your utility bill on time. With the next bill, a scissors drawing appears announcing that if you don't pay everything you owe this time, your services will be cut off. The same happens with Saturn. When this situation arises, HE goes to his father URANUS (Changes, uncertainty, the unpredictable, Eighth Principle), to make the payment, the seriousness of the situation is that URANUS uses the surprise, accompanied by the dramatization, the accident, violence, tragedy, or "PERVERSITY", or whatever means, but you pay because you pay, that has no other alternative.

THE DISCIPLE: Master, ¿can you illustrate the "Randomness Factor" (Uranus) with an example:

THE MASTER: Yes, we are going to take two examples that Dr. Joseph C. Lisiewski himself presents in his book, but first I make a clarification: *“Of course, not everything can be predict, say or estimate that (a specified thing) will happen in the future or will be a consequence of something; there will be situations that will escape your control, your domain, that you cannot handle them, they are few, but the important thing is to know that the vast majority of what happens to human beings could have been avoided, if they had exercised a Conscious Control over those circumstances that were ignored or passed by high”*, let's see:

- a) Think that a person fulfills his work schedule and leaves immediately for his house or residence, in his mind there is only one thought, REST since the day was exhausting and dejected. Once he gets home he changes his clothes, eats something and goes to bed. He turns on his television to distract himself a bit, but what joy! They are announcing that hours later the final of a football championship will be presented, which is the sport that he is passionate about and motivates him. Indeed, he waits until the appointed time and there he spends it until very late at night.

The next day he wakes up with a start, with his eyes half-open, he knows that he was caught in the afternoon and hurries to shower, shaves badly, they serve him breakfast, which he begins to eat in a hurry, the juice is spilled, or milk on her pants (or skirt if she is a woman), or clean or change, time is running out. Then he prepares to leave for his work, he cannot accelerate his car because the road is congested, he curses the Mayor of the city because the streets are full of holes and the roads are so narrow, and to make matters worse, everyone these inconveniences for him, are the culprits of the delay that takes. He is finally late for work, is reprimanded, and reluctantly goes back to his routines and duties.

THE DISCIPLE: ¿All the mishaps you just mentioned could have been avoided?

THE MASTER: Of course it is! What you call "LOSSES" is the same as the RANDOM FACTOR, if our protagonist, upon arriving home, wanted to rest, the most logical thing is for him to read a little, meditate, pray and then go to sleep. The next day he would have gotten up early, would assume his daily routines and then go to work on time without delay and without mishaps.

THE DISCIPLE. The second example...

THE MASTER: It's about the following:

- b) Assume that someone in your car is going to a specified place, suddenly on the car's dashboard a led (bulb) lights up indicating an alarm. Our subject takes it lightly, but thinks that nevertheless, he should take his car to the workshop and he will be ready to make an appointment with his mechanic.

The following Saturday, which is a day of rest, he postpones taking his car to the workshop, and instead he travels with his family to a shopping center for shopping and a little fun.

It turns out that on the least expected day, at the least indicated time and in the least appropriate place, something happens...

THE DISCIPLE: A collision of his car against another?

MASTER; No, his car stops, his car does not want to start, his car is completely stranded on the side of the road. Thank God that Uranus for this case was very benevolent, worse things could have happened. The point is that our man, is in a dead end, he will have to call his workshop to send a crane or a trailer, you will see that the dwarf has grown... more expenses, than if he had attended to that simple state of alert Who sent him his alarm indicator board, he wouldn't have gotten into this mess.

THE DISCIPLE: What you just mentioned is very accurate, and I also conclude that those LOSSES or RANDOM FACTOR, are the effects that originate from having neglected to exercise CONTROL over the causes when they appeared.

MASTER. That's right, and to finish the topic record these words from Dr. Joseph C. Lisiewski, Ph.D (Pure Physicist):

THIS ALSO REQUIRES YOU... TO ASSUME RESPONSIBILITY FOR YOUR DECISIONS AND ACTIONS, OR THE FAILURE OF THEM, AND TO STOP REVOLVING IN THAT COMFORTABLE STATE OF GUILT THAT GIVES YOU THE COZY FEELING OF BEING THE VICTIM.

¿Have you understood?

THE DISCIPLE: Yes, I have understood that, and thank you very much for your patience.

THE MASTER: I missed saying something very important...!

THE DISCIPLE: It is better that you tell me now, and not in the next lesson.

THE MASTER: The first human being taken into account in Western culture who spoke of the RANDOM PRINCIPLE, was Jesus THE Chris...

THE DISCIPLE: ¿But if at that time the planet Uranus had not been discovered, less quantum mechanics! ¿How could it have been?

THE MASTER: Look in the Bible for Matthew 24: 45-51, or Luke 12: 41-48

THE DISCIPLE: Ok.

Matthew 24: 45-51, Reina-Valera 1960: The faithful servant, and the unfaithful servant:

- 45 *“Who then is the faithful and wise servant, whom the master has put in charge of the servants in his household to give them their food at the proper time?”*
- 46 *It will be good for that servant whose master finds him doing so when he returns.*
- 47 *Truly I tell you, he will put him in charge of all his possessions.*
- 48 *But suppose that servant is wicked and says to himself, ‘My master is staying away a long time,’*
- 49 *and he then begins to beat his fellow servants and to eat and drink with drunkards.*

- *50 The master of that servant will come on a day when he does not expect him and at an hour he is not aware of.*
- *51 He will cut him to pieces and assign him a place with the hypocrites, where there will be weeping and gnashing of teeth.*

THE MASTER: Think and analyze that according to verse 47, Uranus rewards the faithful servant in a way that he did not expect... he will put over all his goods... But, according to verses 50 and 51, Uranus punishes the unfaithful servant in a way that he did not expect, uses PERVERSITY because he punishes him by spanking and dismisses him empty-handed. ¡What's up! How did you think?...

THE DISCIPLE: And in Matthew 24: 42-44 Reina-Valera 1960, it is written

- *42 Therefore keep watch, because you do not know on what day your Lord will come. (CONTROL / SATURN)*
- *43 But understand this: If the owner of the house had known at what time of night the thief was coming, he would have kept watch and would not have let his house be broken into. (CERTAINTY / JUPITER).*
- *44 So you also must be ready, because the Son of Man will come at an hour when you do not expect him. (RANDOM / URANUS)*

And to top it off ... here is the conclusion of this great lesson ...

What is hard work (SATURN, CONTROL) without an opportunity (JUPITER, CERTAINTY) and what is opportunity (JUPITER, CERTAINTY) without hard work (SATURN, CONTROL)? When one knows how to risk or venture (JUPITER, CERTAINTY) and when to limit oneself (SATURN, CONTROL); when to believe (JUPITER, CERTAINTY) and when to doubt (SATURN, CONTROL, how to loosen); and when to keep trying (SATURN, CONTROL) and when to keep going (JUPITER, CERTAINTY), you have discovered the secret of success.
